Notice à l'intention des usagers

Cet index est le fruit d'une analyse détaillée des débats en anglais et en français, dans la langue de l'intervention. Les interventions ne sont pas traduites.

Les vedettes sont arrangées avec leurs renvois par ordre alphabétique en deux sections : un index-matières et un index des intervenants.

Index-matières. Dans cette section, la vedette principale est une vedette-matière suivie d'une liste des députés qui sont intervenus sur ce sujet avec les numéros des pages. Les vedettes-matières qui ne nécessitent pas d'intervenants (les votes, par exemple) sont suivies de sous-vedettes avec les numéros des pages. Les vedettes dans l'index-matières se présentent de la façon suivante:

Adoption. see also Intercountry adoption
Gerretsen, 3288

Divisions (recorded votes)
Concurrence in supply (carried), 4015-4016

Index des intervenants. Dans cette section, la vedette principale est le nom d'un ou d'une député(e) et de sa circonscription, suivi d'une liste des sujets abordés par ce ou cette député(e) avec le numéro des pages. Les vedettes dans cette section se présentent de la façon suivante:

Gerretsen, J. (L, Kingston and The Islands)
Adoption, 3288
Budget deficit, 496, 4400
Child abuse, 4484, 4486

Les interventions en français sont groupées sous la vedette-matière **French language debates / remarks**, suivie de sous-vedettes en français.

Cet index donne également une **liste des projets de loi** présentés pendant la session. Cette liste est présentée par ordre alphabétique et par ordre numérique avec une chronologie des étapes de leur avancement.

Les numéros et les pages du Journal des débats sont numérotés par session. La liste des numéros, des dates et des numéros de page pour la deuxième session de la trente-sixième législature se trouve page 2

Sont également disponibles à l'Internet au: <http://www.ontla.on.ca/>, les sections des **sujets** et des **intervenant(e)s** de l'index, de **même que dossiers, dates et numéros de page**.
